

PERGO®

VINYL PLANKS & TILES

FLOORS
FOR
REAL LIFE

for partners & professionals

2019

Taking Pergo vinyl to the next level

Choose vinyl based on type of subfloor

level
subfloor

Glue

- » For all areas, including sunrooms
- » Ideal for challenging applications
 - » Requires a smooth subfloor

slightly irregular
subfloor

Click

- » Great for large areas – unlimited installation in width and length
 - » Can be installed in area with lots of sunlight
- » For installation on subfloor with minor irregularities

irregular
subfloor

New! Rigid click

- » Easy click installation
- » Low reflective sound
- » Can be installed on an irregular subfloor

Pergo vinyl

- 1 Superior TitanV™ layer for scratch, stain and wear resistance
- 2 Fine printed vinyl decor layer
- 3 Highly impact resistant vinyl core
- 4 Extra stabilizing layer containing glass fiber
- 5 Highly impact resistant vinyl backing

Pergo rigid vinyl

- 1 Superior TitanV™ layer for scratch, stain and wear resistance – extra matt for authentic look
- 2 Fine printed vinyl decor layer
- 3 Flexible vinyl layer for a sound absorbing, soft, warm and comfortable feeling
- 4 Rigid composite core that makes levelling of subfloor unnecessary. Two glassfibre reinforced rigid layers prevent the floor from cupping

optimum

Very durable floors for use
in commercial applications

Available in: **GLUE, CLICK & RIGID CLICK**

- » Class 33
- » TitanV™ scratch, stain and wear resistant layer
- » Guarantee for commercial use on request
- » 25-year guarantee for residential use

premium

Durable floors for
domestic use

Available in: **CLICK & RIGID CLICK**

- » Class 32
- » TitanV™ scratch, stain and wear resistant layer
- » Guarantee for commercial use on request
- » 20-year guarantee for residential use

100% phthalate free » 100% recyclable » 100% waterproof

wallbases

Wallbase
 PGVSKRC(-), 2000 x 12 x 48 mm, for Classic Plank and Tiles
 PGVSKRD(-), 2000 x 12 x 55 mm, for Modern Plank
 (see matching matrix for correct art no)

Waterproof skirting board to hide expansion joints and protect walls. Perfect match to the floor in colour, structure and gloss.
 Colour: colour matched. Surface: extremely wear resistant vinyl top layer, waterproof. Core: MDF. Patent pending.

Wallbase, paintable
 NEVSKRPAINTA, 2000 x 12 x 55 mm

New! Waterproof, paintable skirting board to hide expansion joints and protect walls. Colour: white & paintable; Full polystyreen skirting for a complete waterproof finish.

4 finishes in 1

Finish off your rigid floor perfectly. This profile combines a colour-matched expansion and end profile (against a wall and loose).

 PGINCP(-), 2000 x 7 x 38 mm
 (see matching matrix for correct article number)

T-Moulding
 From vinyl to vinyl.

Carpet transition
 From vinyl to carpet.

Hard surface reducer
 From vinyl to ceramic or linoleum.

End moulding
 Finishing up to threshold, sliding doors, etc.

aluminium mouldings, residential

Combi moulding, aluminium
 PGPRSILV, 1860 x 10 x 47 mm

The Pergo multifunctional profile can level height differences for a smooth transition on to any other type of floor. Suitable for height differences of 0 – 12.3 mm.
 Colour: silver. Surface: aluminium.

Expansion profile
 PGVEXPSILV, 2000 x 7 x 24 mm
 PGVREXPSILV, 2000 x 8 x 30 mm, (rigid)

Finish off your click floor perfectly. Available in wear resistant aluminium. Colour: silver.

Adapter profile
 PGVADPSILV, 2000 x 7 x 26 mm
 PGVRADPSILV 2000 x 8 x 29 mm (rigid)

Finish off your click floor perfectly. Available in wear resistant aluminium. Colour: silver.

End profile
 PGVENPSILV, 2000 x 7 x 18 mm
 PGVRENPSILV, 2000 x 8 x 21 mm, (rigid)

Finish off your click floor perfectly. Available in wear resistant aluminium. Colour: silver.

Stair nose, click
PGVSTPCLICK, 2000 x 30 x 15 mm

For installation of Pergo click vinyl on stairs and steps. Always glue the floor panels for your safety! Colour: silver.

Stair nose, outer
PGVSTPGLUE, 2000 x 40 x 26 mm

For installation of Pergo glue vinyl on stairs and steps. Colour: silver.

Stair nose, inner
PGVSTPINGLUE, 2000 x 25 x 25 mm

For installation of Pergo glue vinyl on stairs and steps. Colour: silver.

aluminium mouldings, commercial

Expansion profile
PGVEXPCOMSILV, 2000 x 5 x 26 mm

Subtle and elegant profile in extra wear resistant aluminium. For use in commercial areas, with Pergo click or glue vinyl. Installation without sub-profile. Screws and plugs included. Colour: silver.

Adapter profile
PGVADPCOMSILV, 2000 x 7 x 24 mm

Subtle and elegant profile in extra wear resistant aluminium. For use in commercial areas, with Pergo click or glue vinyl. Installation without sub-profile. Screws and plugs included. Colour: silver.

End profile
PGVENPCOMSILV, 2000 x 7 x 20 mm

Subtle and elegant profile in extra wear resistant aluminium. For use in commercial areas, with Pergo click or glue vinyl. Installation without sub-profile. Screws and plugs included. Colour: silver.

underlays

Underlay basic
PGVUDLBASIC15

Easy to install basic underlay specially developed for all Pergo vinyl floors. Good sound absorbent and prevents irregularities. Perfectly suitable for floor heating and cooling. 15 m² / roll. Thickness: 1 mm.

Sunsafe Underlay
PGVUDLSS10

For areas that are subject to excessive direct heat or extreme temperature variations when installing click vinyl. Perfectly suitable for floor heating and cooling. (E. g. conservatories, glass houses or summer cabins.) 10 m² / roll. Thickness: 1.5 mm.

Transitstop Underlay
PGVUDLTRS15

This underlay reduces the sound heard by your neighbours to a minimum. Should only be used in combination with our rigid floor. Perfectly suitable for floor heating and cooling. 15 m² / roll. Thickness: 2 mm.

installation

Installation tool
PGVTOOL

Excellent tool for precise cutting straight and 90°. Hand protection with pullbar and lever function. Suited for both left and right handed.

Use PGTOOL for rigid vinyl installation.

Cutter knife
PGVKNIFEB
NEVKNIFEREFILL

Professional knife, perfect for precised and stable cutting. Ideal for cutting curves and shapes. 6 blades are included.

The Refill includes 40 blades.

Glue
PGVGLUE6, 6 kg (+/- 20 m²)
PGVGLUE15, 15 kg (+/- 50 m²)

Professional glue, specially developed for Pergo vinyl floors. Spreads easily, guarantees fast adhesion and offers the highest strength.

Glue trowel
PGVA2

Ensures perfect glue consumption per m².

Sealant
PGKIT(-), 310 ml

For a beautiful finish. Available in 8 colours. Water based acrylic.

Multiglue
PGGLUE290, 290 ml

Suitable for all materials and substrates. Cures quickly with very high final strength. Ideal for installing wallbases and mouldings. Hybrid polymer. One tube gives 15 running meters of skirting.

Radiator caps
PGRCINOX15
Inner diameter: 15 mm.
Outer diameter: 54 mm.
PGRCINOX22
Inner diameter: 22 mm.
Outer diameter: 54 mm.
Stainless steel. 2 pc / pack.

Aqua Sealant
PGKITTRANSP, 310 ml

A high-quality, transparent and elastic one-component silicone that creates an invisible and water-proof finishing around wallbases, mouldings, transitions, door frames, etc.

maintenance

Vinyl floor cleaning
PGVCLEANING1000, 1000 ml

Protects the TitanV™ top protective layer. Ideal for removing dirt, grease spots and heel marks, as well as for daily cleaning.

Cleaning kit
PGCLEANINGKIT

High quality mop set with extra long ergonomic handle and a mop cloth holder.

Repair wax
PGREPAIR

Repair the colour of damaged planks quickly and easily with wax in colours covering the Pergo wood palette. Contains 1 melting knife, 1 comb, 7 wax blocks. For more information on how to mix colours please visit pergo.com.

* Information sur le niveau d'émission de substances volatiles dans l'air intérieur, présentant un risque de toxicité par inhalation, sur une échelle de classe allant de A+ (très faibles émissions) à C (fortes émissions).

This is by law mandatory in France from 2012-01-01 for new floorings introduced after this date. From 2013-09-01 it will also be mandatory for flooring products already on the market before 2012-01-01. A+ is the best and highest regulation. Pergo achieve already today A+ on all products and will gradually start to mark the products accordingly.

This symbol shows that the product fulfills a Finish voluntary specification for VOC. All Pergo floorings fulfil this norm and are marked.

cleaning instructions

General maintenance

Vinyl floors are easy to live with, but as with most things, it needs regular cleaning to stay beautiful. The innovative surface layer with TitanV™ makes a specific treatment after installation unnecessary, and your floor can easily be cleaned with a broom, vacuum cleaner, or a damp mop. We recommend that you always use a non-aggressive maintenance product, like Pergo vinyl cleaner that maintains the original look of your floor. Do not leave a puddle of water on the floor.

Periodic cleaning and maintenance

Clean the floor routinely by sweeping, vacuum cleaning or damp wiping. Always remove immediately grit, sharp objects, staining agents, moisture or aggressive substances from the floor.

PLEASE NOTE: Never use aggressive cleaning agents, soap or abrasive cleaners or cleaners containing oil or waxes.

Stain removal

Pergo vinyl floors are very resistant against staining and soiling. However it's always recommendable to remove stains as fast as possible. The longer spilled materials are left on the floor, the greater the risk of permanently staining. Persistent stains may be removed using Pergo vinyl cleaner.

Industrial cleaning

In order to increase resistance and enhance cleaning properties of the flooring for commercial application, an appropriate sealer can be applied according to the instructions of the manufacturer of this product.
